WHO IS FELICIA'S PROMISE

At Felicia's Promise, we empower girls from underserved communities to dream big, lead confidently, and achieve their full potential. Through mentorship, leadership training, and educational programs, we equip young girls with the tools they need to become confident leaders, pursue higher education, and prepare for successful careers. Our mission is simple—empower, uplift, and transform lives.

OUR THREEPILLARS

The Whole Girl

The **The Whole Girl** program provides essential workshops that help young girls build confidence and valuable life skills. Through topics like health and wellness, financial literacy, leadership, and self-expression, we empower girls to make positive choices for their futures. Each workshop is designed to create a foundation for lifelong success, enabling girls to grow, set goals, and embrace their potential with resilience and purpose.

Our **Promise Leaders** program connects young girls with mentors and role models who guide them through personal and professional growth. This mentorship empowers them to explore diverse career paths, build a network, and develop leadership skills essential for future success. Through career exploration, goal-setting, and one-on-one guidance, Promise Leaders inspires girls to envision and pursue a future aligned with their passions and strengths.

Promise Leaders

Foundations of Success

The **Foundations of Success** ensures that every aspect of Felicia's Promise operates seamlessly, allowing our girls to thrive in a supportive environment. From managing logistics and coordinating volunteers to securing resources, this pillar creates the backbone that keeps each program running smoothly. By maintaining a strong infrastructure, we provide girls with consistent access to programs that foster career-readiness, leadership skills, and community engagement, setting them on a path to success.

The Whole Girl
